

Reference to : MB Docket No. 04.233. As a resident of Lemoore, CA, KLOVE is a radio station I listen to daily, encouraging my life as a widow. I am a listener sponsor of this station and believe that the upbeat music greatly encourages and uplifts youth and older, and at crucial times prevents suicides as people call in for help. It would be a disservice to the community if it were replaced by a soft LPFM station. KLOVE supports wholesome family values and insights by Dr. James Dobson.
